

DETAILED ACTION

Election/Restrictions

1. The reply filed on 11/2/2009 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s):

Applicant elected the Species of Figure 6B in the reply filed on 11/02/2009. However claims 1 and 8, and all claims dependent thereon, recite, “ wherein the new defect management area has a size including at least a first detected defect, a second detected defect and the physical addresses between the first and second detected defect,” which is drawn to the Species of Figure 5D. Therefore, none of the claims 1-8 and 10-19 read of the elected species of Figure 6B. Applicant is required to elect a species that has at least one independent claim that reads on the elected species. Applicant may amend at least one independent claim to read upon the elected species.

See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**

2. Claims 1-8 and 10-19 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected species, see figure 5D and the discussion of said figure as provided in pages 3-4 of the Applicant's specification, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on 11/2/2009.
